SIPPICAN ELEMENTARY SCHOOL BAND LOOKS AND MARCHES SMARTLY IN THE MARION PARADE.

MARION'S GRAND MARSHALL BENJAMIN DEXTER, TOPPED BY THE STEEL HELMET OF HIS WORLD WAR I EXPEDITION INTO FRANCE, LEADS THE PARADE TO THE SERVICES AT THE CEMETERY. MR. DEXTER IS FLANKED BY SELECTMEN TED PRATT AND BETSY PARKS. SELECTMAN JOSEPH ZORA MARCHED WITH THE MILITARY CONTINGENT. AT SOME FUTURE DATE, MR. DAXTER LOOKS FORWARD TO A NOSTALGIC JOURNEY TO THE OLD BATTLEFIELDS OF HIS YOUTH WHERE THE AMERICAN FORCES OF WORLD WAR I HELPED LIBERATE EUROPE. HE REMEMBERS THE FRENCH COUNTRYFOLK AND EXPECTS THAT IN MANY PLACES THE OLD WAYS EXTEND INTO THE PRESENT AND THAT THE FRENCH COUNTRY TOWNS, HEALED ONCE MORE AFTER 2 WARS, RETAIN THE IMAGES THAT HE RECALLS SO VIVIDLY.

part in local, community, state, regional and even national rites on this day. They join us in honoring the men and women who gave their last precious breaths defending and advancing the principles that have made America what it is today.

"It is those men and women who answered America's call and never returned that we, who have survived, remember most on Memorial Day, with a profound sense of reverence and gratitude.

"The best memorial we can offer our fallen comrades consequently is our collective resolve to be true to America's ideals of justice and liberty."

Mr. DeCosta introduced Commander U.S.N. Ret. Eric G. Newburg, Jr. who gave the address. Commander Newburg paid tribute to the valor that has given this nation a heritage of freedom and honor rarely seen in all of history. He pointed out that on this very day

the unknown soldier of the Viet Nam conflict joins the unknown soldiers of World Wars I and II to symbolize the sacrifice of America's young men who answer the call and serve the United States with the last full measure of devotion. He asked that all pay tribute on this Memorial Day to the ranks of young men who served their country so well in that conflict so far from home and in a conflict so little understood.

Melissa Rocha recited Abraham Lincoln's Gettysburg Address in a manner that did credit to this masterpiece of American literature. Mr. DeCosta complimented her on her excellent rendition of Lincoln's words.

The Rev. Raymond D. Patch, pastor of the Mattapoisett Congregational Church, gave the prayer.

The Old Hammondtown Band performed with their usual stirring enthusiasm. One of the pieces was "Hammocan" by the late Jarvis Medeiros, the founder of this musical group who is remembered for his inspiration and devotion to these young musicians. They performed in a way to make him proud. (Wet uniforms from Marion's morning parade prevented the O.R.R. Band, also scheduled to play, from appearing.)

The parade was cancelled because of the rain.

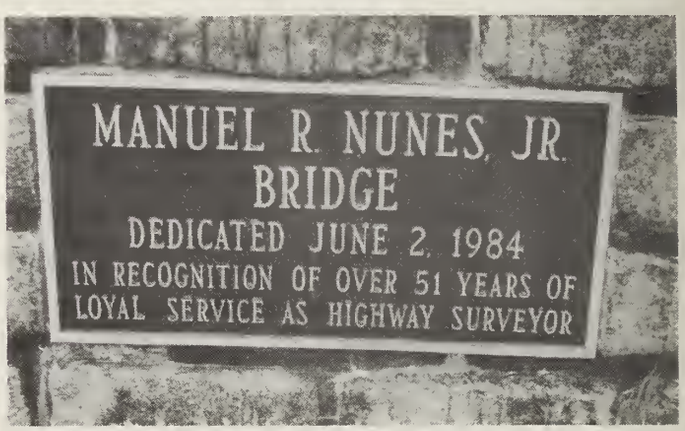
bridge over the Mattapoisett River in 1941. "All Bull Work", Manny told his friends, co-workers and fellow townspeople as they gathered to honor him on Saturday, June 2nd.

The bridge "at the old swimming hole" was built in 1941 and completed just in time in August of 1942, said Manny, at the ceremonies dedicating the bridge in his name. He said, "It was just in time because I was drafted at the end of that month."

Because of the rain, the ceremonies were held in the Town Hall and not at the bridge. Board of Selectmen Chairman John N. DeCosta welcomed everyone and introduced Manny and his wife, Marion.

Chairman DeCosta related the town positions Manny has held beginning with Herring Inspector from 1929-1936. Other positions he has held include: Public Weigher at Town Scales, 1939-1952; Special Welfare Committee for Unemployment, 1939-1942; Committee on Town Dump, 1945-1946; Special Committee to Study the public sewage system, 1954-1955; Traffic Survey Committee, 1967 to the present; Pre-Subdivision Control Law Streets Committee, 1969-to the present; Water Pollution Abatement Committee "Project Art Carney", 1970-1975; Soil Conservation Board, 1974 to the present; Capital Improvement Committee, 1974-1978, and of course, Highway Surveyor, from 1938 to the present time.



DeCosta read the "Memories of the Bridge Building" as told by Manny:

"There are three men still alive who worked on the bridge: Myself, Alex Bowman, and Hector Marshon. I had no engineers in those

days so I drafted the plan, designed the plans and built the bridge. I often wondered why I started the project as I fought the river day in and day out.

"There was a need for the bridge as in those days the road made 3 sharp turns and the old bridge was being washed out by the river pushing the planks up. I straightened out the road by building the bridge ... no equipment in those days. It was done all by hand. We even crushed our own stone for the road. The road is still there today, with no repairs needed.

"All local boys worked on the bridge, they made 50¢ an hour (I made 62½¢ an hour) with no complaints and no coffee breaks, just ½ hour for lunch. I lost a few good men during that job, they went to make some really big money at Camp Edwards for $1.00 per hour.

"Everything we did we did by hand, from building the planks to holding back the river, to bringing in the fill for the approach-

es to the bridge, all by hand. Every morning we had to bail and pump out the water from the river that would seep through. I remember it well."

Congratulatory comments were made by Selectmen James F. Huntoon and Frank M. Suzan. Huntoon noted that Manny represents the epitome of all that is good about Mattapoisett, and "we are lucky to be blessed with someone of his character and dedication." Suzan termed Manny a "living legend", and quipped that he hoped Manny would have a bridge dedicated for him (Suzan) after I'm gone. Suzan also remembered going "skinny-dipping" off the bridge when there was a wilderness there and said "You couldn't do it today without being arrested".

Selectman Suzan related a story about how he met a man in California who, when Suzan said he came from Mattapoisett, said, "Oh, that's where Manny Nunes lives". "So, you see, Manny is known all over the country", exclaimed Suzan.

Brief comments were made by Rep. Walter Silveira, who said "Manny exemplifies what we need to keep the town functioning as we do. This couldn't happen to a nicer guy". Tony Catojo, representing Sen. William Q. MacLean, jokingly said, "Manny has held so many jobs -- guess he couldn't keep a job". He added that he was so pleased the town saw fit to honor Manny at this time. "God Bless

DeCosta presented Manny with a replica of the bridge handcrafted by Tony J. Pelson, as a stained glass suncatcher. Tony was unable to be present but DeCosta noted Tony had started work on the stained glass before the Selectmen made their request for one.

Comments were made from the guest of honor, Manny, who thanked everyone and introduced his fellow Highway Surveyors from area towns who came to greet their friend. They were

Nate Ellis, Falmouth; Arnie Joseph, Norwell; Bob Brown, Hanson; Tony Fernandes, "Red" Stevens and Dick Files from Wareham, and Santo Nicolosi from Lawrence, Treasurer of the Massachusetts Highway Association.

In reminiscing, Manny told of how there was a "little flood" over the road in 1939, then he got to thinking about a bridge. He said he got cooperation from the W.P.A. in 1940 to build an approach to the bridge and his men took it from there. He admitted he had a little problem with a gentleman at town meeting who persisted in claiming Manny couldn't do the work on private property. Manny solved that problem by purchasing the land for $100 (his own money) and got clear title.

Manny continued saying how he got 3,400 bags of sand from the local farmers, 3,800 cobblestones from the New Bedford Gas Company at two cents apiece and 1,400 bags of cement. "This was done with all bull work - no back hoe, no crane--the only machinery was a cement mixer". In a final comment, one that sounds just like Manny. He said, "I think I did a pretty good job." Truly an understatement.

Photographs taken at the bridge construction site in 1941 were reproduced by Manny's grandson Ronald Medeiros, a student at the Rhode Island School of Photography, and placed on display.

Selectmen's Meeting

MAY 29th, 1984 - by VIRGINIA ARRAL
HI-TECH INDUSTRIAL PARK "IN THE WORKS"
FUTURE LOOKS PROMISING SELECTMEN AGREE

The next step in the Hi-Tech Industrial Site Development Study, prepared by Southeastern Regional Planning and Economic Development District (SRPEDD), is "an exciting one", declared Selectman James F. Huntoon at last Tuesday's Selectmen's meeting.

"This Hi-Technology Park has been in the works for several years, and it looks like now we could be a major contender as the site for a major industry," Huntoon said.

Although Huntoon did not identify the company, he explained "the board had been contacted by a company surveying southeastern communities for a new site to make their world center."

Steve Reckhow and Maria Gooch, SRPEDD representatives, presented on-site development plans, with accompanying access plans, sewerage plans and utility plans for the town's proposed 200-acre high-tech park. The site -- an empty tract just south of the present industrial park (off North Street and I-195) - would be ideal for a high-tech

park, explained Ms. Gooch.

Also discussed were state developmental grants that will becoming available in the future and proposed zoning by-law changes that were being drafted.

Reckhow estimated that the total assessed value of the proposed park would be $80 million - well over half the town's current valuation.

The board agreed unanimously that the presentation made by Ms. Gooch and Reckhow was a fine, well-thought out one and that as soon as possible it should be presented to the Conservation Commission, Planning Board, Zoning Board and the Board of Health.

In other business, Selectmen:

MET WITH Richard Gamache of the Finance Committee to discuss the contemplated computer purchase. Gamache said his company, Julius Koch of New Bedford, had a computer expert who, for a small charge, could ascertain the town's needs for a computer, both now and in the future.

Selectman Frank Suzan commented that the board has investigated many "paths" and has found the proposed IBM, with its accompanying software, to be the best for the town. He added "the town is past due in its need for such services and the board feels the time to move is right now".

Gamache said he had major concerns with the software program of the IBM. He explained a small transfer from the Reserve Fund would cover the expert's fee. He added that the consensus of the Finance Committee was to study the matter further.

The board agreed to set up a meeting with the Koch company's expert and Town Hall personnel.

suggestion made by Mrs. Madeleine Furnans that lifeguards be on duty from the time school closes. She wrote that this would guarantee complete protection.

Selectmen had previously voted to open the town beach with lifeguard coverage on Saturday, June 23rd; schools close during the week, tentatively on Wednesday, June 20th.

WILL CONSIDER the possibility of beginning harbor patrol for the summer season. Police Chief James Moran made the request. The board directed Executive Secretary Carol Adams to check with Chief Moran as to costs involved to the town and a summary of what budgets would cover these expenses.

VOTED to allow the Police Chief to appoint an additional fulltime police officer. Funds for this person will come from within the police department budget. The Personnel Board and Finance Committee approved the additional officer.

NOTED the new officers of the Old Rochester Regional District School Committee are: Patricia E. Ryan, chairman; Kathleen P. Reis, vice-chairman; M. C. Rosenfield, treasurer; and Cynthia R. Rogers, secretary.

2 seconds second place. Robert Smith and Karl Smith were third with a time of 2 hours, 6 minutes and 4 seconds.

The race was run in trying conditions for the spectators who were wet by the periodic showers but for the racers water was not a factor. In the grueling race down the narrow river all contestants are wet with their own sweat mixed liberally with river water. The winners were quoted as remarking that all who finish this race are due great credit and those who have made it will tell you how true it is. Boats have to be maneuvered around thickets in the narrow river, they have to be portaged around obstacles, they have to be resurfaced and most of all they have to be paddled without cease for hours on knees that go to sleep with the cramped position. All finishers are rugged and determined individuals.

In the senior girls' divison, Tina and Wendy Grives won, also their third consecutive win, in a time of 2:17:54. They also received a trophy. Victory runs in the family as Tina is sister to third time winner Donald Bishop.

Other first place winners were: Junior Boys, under 14, C. J. Hedges and David Tripanier, 2:27:05; and a new category this year, Father and Son, Christopher Tangney and Dennis Tangney, 2:18:51; and the Old Man of the River winner, Raymond Bodeau, age 45.

ANNOUNCING

We are pleased to announce that William H. H. Manchester, Jr. has become a full-time agent with the Robert H. Gardner Realty Office.

WILLIAM H.H. MANCHESTER, JR.
758-4655

Bill has served the Greater New Bedford Banking Community for over 30 years. He has an outstanding record of helping people with their real estate needs. His real estate career began as an Assistant Treasurer with the New Bedford Five Cents Savings Bank and later as President of the New Bedford Acushnet Co-Operative Bank.

Mr. Manchester is well respected for his charitable contribution in our community. He presently serves as Treasurer of the Moby Dick Council of Boy Scouts; Director of the New Bedford Child and Family Service; Advisory Board Member of The Salvation Army; Director of Greater New Bedford Adult Day Health Care Center, Inc.; and a member of the New Bedford Port Society and New Bedford Industrial Foundation.

Bill will be happy to discuss your real estate needs and looks forward to serving his many friends and former customers in the appraisal, buying or selling of their residential or commercial property.

Super Unleaded Gasoline "It's so powerful!"

Whether your car is required to use an unleaded fuel or not, you'll want to try it!

A "New Improved" higher octane unleaded that fights knocking, pinging and engine "run-on".

Because its octane level is sufficiently high to meet octane requirements for most cars on the road today, it may be of benefit to your car regardless of Leaded/Unleaded requirements... because, if your engine is properly tuned but still shakes, sputters and runs unevenly after you turn the key off, try "New Improved".

Lioness Car Wash

Tri-Town Lioness will hold a Car Wash on Saturday, June 9th, at the Mattapoisett Fire Department between the hours of 10 and 2. There will also be a raffle of a Cabbage Patch doll. Proceeds will go to local charities. The rain date is June 16th.

It's Mikado Time

This Sunday, 3:00 p.m., at the Marion town bandshell on Front Street, the Sippican Chorus will present a concert version of The Mikado.

Remember to bring: your chairs or blanket, your sense of humor, and your enjoyment of Gilbert & Sullivan's wit, wisdom and beautiful/delightful music.

In case of rain (however, it never rains in Tittipu, The Mikado doesn't allow it), the performance will be held in the Music Hall across the street from the park.

cognition. These games, which are annual, draw a lot of attention, both here and in Stowe.

This year, unlike the previous years, the Stowe team will visit Mattapoisett first, then in late August, Mattapoisett Inn team will travel to Stowe.

These games are a best out of three series. The home crowd favors Mattapoisett Inn team by seeing the series go three games and Mattapoisett winning. But Stowe promises a tough team this year, and in the past has given Mattapoisett Inn a battle to the end. On the other hand, Mattapoisett Inn is sitting right now in a good position in the Capeway Softball League standings.

To sum it all up these games are a crowd-pleaser, an event that is well-known by many. It seems to bring the whole team together in Stowe and in Mattapoisett.

These games will be broadcast on Cable 8, American Cablesystems.

THE BEST FOR LESS!

Patota, president of S.C.A.N. and director of the Parent-Child Center of Interchurch Council Pastoral Care and Counseling Services, stated that: "Reverend Blanchard exemplifies the spirit of dedication and commitment to the prevention of child abuse and neglect which contributes so much to the quality of life in the Greater New Bedford community."

The first annual S.C.A.N. award was created in memory of volunteer worker Joan Hartley Sheridan of Marion and formerly the chairman of the Child Abuse and Neglect Committee at the Marion Center for Human Services. Mrs. Sheridan was killed in a motor vehicle accident on Route 6 in Mattapoisett on June 2, 1983.

The development of the S.C.A.N. committee began in 1974 and it was prompted by the sponsorship of the Interchurch Council of New Bedford and the cooperation of the St. Luke's Hospital Administration Social Service and Pediatric departments. A small group (S.C.A.N. Committee) representing the interested St. Luke's departments and the Interchurch Council began meeting to develop ways of helping the families of abused children admitted to the hospital.

Shortly after its inception, S.C.A.N. incorporated in order to receive contributed funds and apply for grants. It also added to its committee several representatives from schools, social agencies and courts. S.C.A.N. applied for and receives funding for a Parent-Child Center including a full time director and the training and hiring of four part-time lay therapists. This center has continued on its own, funded first by grants and now under contracts.

Subsequent and on-going projects include education provided to schools and social groups in the form of professional speakers, audio-visual and printed material. According to President Patota: "S.C.A.N. may be one of the few face-to-face meeting places of professional people from many agencies that otherwise are only 'voices on the other end of the phone'." Such participating agencies include D.S.S. (Department of Social Services), School Adjustment Departments, Police and Probation, Social Workers from hospital

tanicals of the American Indian and curator of The Native Harvests, a Smithsonian exhibit which will be at the Boston Museum of Science from June to October.

Native American Studies enriches our understanding of the complex relationship between people and the natural environment by introducing a way of life that sees people as a part of the natural world. The workshop will focus on a study of local coastal Native American groups, especially the Wampanoags. It will provide ideas, resources, and materials appropriate to different age groups and learning styles. Participants will engage in field sessions and hands-on activities and will attend lectures designed to enrich their classroom or community group activities. This workshop is offered as part of the educational service of the Lloyd Center to the citizens of southeastern Massachusetts.

New Theatre Arts Program

A new three-week Theatre Arts Program will be sponsored by the Zeiterion Theatre from July 9 through 27. Taught by Joan Nelson and Vicki Kirby, both professional instructors, the course will cover acting, improvisation, movement, voice and musical theatre. Classes in make-up, technical theatre, lighting and costuming will also be incorporated in the program.

Open to youths ages 8-18 with or without previous experience, the course will run from 9:00 a.m. to 3:30 p.m. Monday through Friday, and feature a special final project.

"We've created the program to provide an environment where young people can pursue and develop their interest in the theatre," states Dan Kirsch, managing director of the Zeiterion. "As New Bedford's center for the performing arts, we are committed to the role of the arts in enriching the quality of life in our community. This summer area youths will receive hands-on training from two top-notch professionals, plus other guest instructors and performers. Youths who enroll in the program are in for a treat. It will be a very special experience."

Joan Nelson was recently a teacher at the American Academy of Dramatic Arts-West. She has performed in 35 professional productions and directed 17 community and off-off Broadway productions. Ms. Nelson received her MA in theatre/television from San

Nuclear Freeze

The monthly meeting of the New Bedford Area Nuclear Weapons Freeze Group will be Sunday, June 10th, at 2 p.m. at the First Unitarian Church of New Bedford, County and Union Streets, side entrance. The speaker will be Professor Robert Bento, Physics Department of SMU, discussing "Recent Destabilizing Developments in the Arms Race". This is an excellent opportunity to increase our understanding of the issue. Refreshments will be served. The public is cordially invited.

The New Bedford Area Nuclear Weapons Freeze Group is made up of members from New Bedford, Fairhaven, Mattapoisett, Marion, North and South Dartmouth, Westport and Acushnet who are working to stop and reverse the arms race. It is a non-partisan educational organization and welcomes not only new members but the opportunity to bring speakers, films, etc. to area schools, churches or clubs.

Memorial Society

The annual meeting of the New Bedford Memorial Society will be held at 7:00 p.m. June 7th at the Westport Public Library, 408 Old County Road, at the Head of Westport. A panel entitled "Choosing not to Prolong Dying" will be presented. Panelists will be representatives of the medical, religious and legislative fields. Plymouth County Republicans

The Plymouth County Republican Club held its annual meeting recently at Ridder's Country Club in Whitman and elected the following officers: President, Dennis R. Smith of Middleboro; Vice President, Jeanne Matatall of Kingston; Treasurer, Roger Provost of Bridgewater; Recording Secretary, David Chuckran of Bridgewater; Membership Secretary, Wilfred Burrill of Brockton; Corresponding Secretary, Lois G. Wilde of Whitman.

Guest speaker for the evening was Eugene Hartigan, Executive Director of the Massachusetts State Republican Committee, who spoke on the opportunities for Republicans in 1984.

Outgoing President Gloria Striggles was given a standing ovation for her leadership during the past year. In accepting the gavel, Smith stated that he looked forward to increasing the participation of Town Committee Chairmen and would institute a newsletter for Republican leaders.

Heritage Plantation

"OILS BY ORR" - FIRST ROTATING EXHIBIT AT HERITAGE PLANTATION

"Oils by Orr", the paintings of Elliot Orr, the first of four rotating exhibits in the Old Barn Gallery at Heritage Plantation of Sandwich, opened Sunday, May 20th, and will run through Sunday, June 24th. From the beginning the Chatham artist received critical recognition. His work has been selected for exhibition at the Whitney Museum of American Art, the Metropolitan Museum of Art, the Carnegie Institute, and other major institutions throughout the country.

All of the 22 paintings courtesy of the Harmon-Meek Gallery, Naples, Florida, are framed and for sale. The gallery is open 10 a.m. to 5 p.m. daily.

Born in Flushing, New York June 26, 1904 Orr studied at the Grand Central Art School with George Luks and Charles W. Hawthorne. The earliest work in the Heritage exhibition, "Market Day, Ireland", was painted in 1929, when Orr was twenty-five years old. He had yet to settle into his mature style; however, this work provides a clue to his temperament which owes a great deal to his ancestry. He is in the great tradition of the Irish poets; imaginative, reflective, eloquent in speech, and an incurable romantic. It is therefore no accident that this work is in the mainstream of the romantic tradition. This move-

tury Europe, has been described as "the triumph of imagination over reason".

Orr's years on Cape Cod, where he spent most of his time from the 1930's to the late seventies, influenced his subject matter and use of color. The early paintings are sombre and turbulent. He shows us storms at sea; the skies are ominous, the clouds aswirl. In his later work the mood changes, the colors warm, the skies brighten. This June, Orr who now lives in Florida will celebrate his eightieth birthday at his home there.

Membership as well as admission tickets to the museum for the day will be honored for this first rotating exhibit and will include admission to all the museum buildings, exhibitions and grounds. Tickets are $5. for adults, children under 12, $2.00; five and under and members, free.

Beatlemania

"BROADWAY'S BEATLEMANIA COMES TO TAUNTON"

Since the 60's people still want to hear the Beatles. On Saturday and Sunday, June 9 and 10, at 8:00 p.m. Broadway's musical smash hit, Beatlemania, will return to New England at Taunton High School, sponsored by the Scholarship Foundation.

What is Beatlemania? Beatlemania is the original Broadway cast spectacle depicting the times and music of the Beatle era.

This major production consists of both live music and visual effects depicting the events which made the 1960's as memorable and important as it has become to society today. This is a total theatrical experience which should be enjoyed by young and old, together!

Taunton is the first stop on their United States and Canadian Tour for 1984.

"The reason for this Broadway Musical", according to Taunton Headmaster Peter George, "is that the monies to keep the scholarship foundation continuing needs new avenues as we have exhausted going to the community." Proceeds from Beatlemania will be given to students who are in need and have academic ability.

Tickets are $10.00 and $12.00. They are available at all Ticketron outlets; Side One, Taunton Mall; Tom's Corner, 20 Main Street, Taunton; or call 720-3434.

St. Luke's Hospital

NEW STRESS TEST EQUIPMENT

A woman complains of chest pains but her cardiogram was normal. An older man having suffered a heart attack is ready to go home from the hospital, while a young man wants to start a jogging program.

Typically, three or four people, such as in the above cases, have a stress test each day at St. Luke's Hospital. After leads are attached to the chest, the patient walks on a treadmill. Through the process the cardiologist learns what is happening to a patient's heart.

At St. Luke's Hospital a new dimension has been added to the standard stress test

equipment --- computers.

The new computerized stress test equipment includes a treadmill, a high resolution screen, and a printer where the motions of the heart are converted to graphs. At programmed intervals the treadmill automatically adjusts its speed and incline changing from pre-exercise, to exercise, and finally to recovery routines, all the while recording and analyzing how the heart tolerates stress.

The 12 simultaneous leads provide different views of the heart, and "improves the sensitivity of the test to detect abnormalities," explained Jack A. Howard, M.D., assistant director of St. Luke's Cardiology Department. "The new stress test equipment," he continued, "adds another measure of accuracy assisting the cardiologist in analyzing the stress test and detecting changes."

The stress test equipment also has the advantage of providing many different protocols including tailor-made programs modified to the cardiologist's specifications.

SMU Exhibit

An exhibition of "Drawings of Israel" by Professor Peter London will be on display from June 11 through 14 at Southeastern Massachusetts University.

The 20 drawings by London, a teacher of art education at SMU, will be on exhibit in the gallery of the College of Visual and Performing Arts Building.

Professor London recently received a fellowship to participate in a seminar in Israel for American academics on the issues and geopolitics of Israel.

The drawings, which grew out of that trip, "deal with more than contemporary scenes and life in Israel", according to London.

The exhibition, free and open to the public, is part of the Fourth Annual Judaic Institute sponsored by the SMU Center for Jewish Culture. Gallery hours are 10 a.m. - 4 p.m. Monday through Thursday.

children. Youngsters four through six years of age can learn to make an interesting collage using natural objects in "COPYCAT: PRINTS FROM NATURE #1" on June 9 at 10 a.m. The same workshop will be conducted for youngsters age seven and older at 1 p.m. The program is entitled "COPYCAT: PRINTS FROM NATURE #2". A third program on June 9 is "WEB IT", an insider's look at the fascinating world of spiders at 3 p.m. Participants will try their own hand at weaving to discover just how talented spiders are.

Christyna Laubach of the Museum staff will instruct the workshops for which preregistration is currently underway. Please call the Children's Museum, 993-3361, for details and registration materials.

FIRE TRUCK RETURNS TO MUSEUM

A shiny bright red fire truck has returned to the Dartmouth Children's Museum. The vintage 1927 GMC truck was donated to the Museum last year by Mr. Edward O. Sanchez. Restoration of the vehicle was sponsored by Mr. Charles Dana, President of the Museum's Board of Directors. The Museum is indebted to both for their generosity.

Children and adults are invited to climb aboard and grab the steering wheel for an imaginary "ride" through their imaginations. The truck is parked alongside the Museum's parking lot just east of the Museum building.

CHILDREN'S MUSEUM'S EXPANDING EXHIBITS

The pounding of hammers and the whine of saws are a familiar sound at the Dartmouth Children's Museum these days as work is underway on six new second floor exhibits. It's all part of the Museum's major exhibit effort for the year which will culminate with "Summer Celebration" on Sunday, July 1st, from 10 a.m. to 4 p.m. The development of the second floor will greatly enhance the Museum's goal of becoming the area's leading informal

education center.

The six new permanent exhibit areas are "Body Shop", a hands-on health area; "Puzzle Base", a hands-on painting area; a mini-supermarket, a climb-in space craft and a two-level display of the Museum's antique toys and dolls in conjunction with a costume dress-up room. In addition, two current exhibits will remain in place: Puppet Theater and Electric Trains. The Puppet Theater will benefit from art work to its facade and the addition of carpeted benches and cubes for seating. All the proposed exhibits incorporate some aspect of hands-on interaction and promise to be immensely popular with children.

While construction is underway, the Museum's second floor is closed to the public. We regret this inconvenience but assure you that the result will be worth waiting for. See you July 1 for the unveiling!

Smorgasbord

A SMORGASBORD, sponsored by the W.A.M.'s of the Acushnet-Wesley United Methodist Church, 67 Main Street, Acushnet, will be held Saturday, June 9th, at 5:30 p.m. For reservations call 995-1370 or 995-3108. Tickets are $6.00 for adults and $3.00 for children under 12.
